MATERIAL CHARACTERISTICS

CERAMIC

Glazed ceramic with a smooth surface. The glossy finish highlights the rounded geometry and is easy to clean in everyday use.

FORM & FUNCTION

A 500 x 400 mm footprint combines a thin continuous rim with softly rounded corners and a smoothly contoured inner bowl. The basin has no tap deck or faucet hole and suits a separate countertop tap.

STANDARD FINISH

Glossy white ceramic as standard. Ceramic colour options are shown alongside; contact DIFANNI for availability and order requirements.

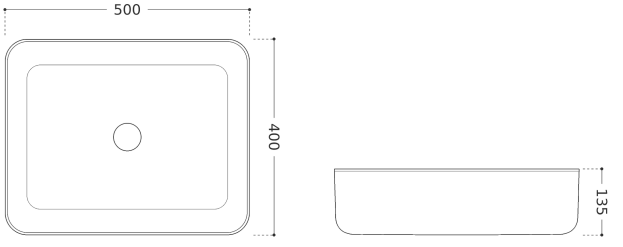

INDICATIONS FOR CLEANING

Clean with a soft microfibre cloth and soapy water, then dry with a soft cloth. Avoid abrasive sponges, solvents and strong alkaline cleaners.
