CERTIFICATIONS

For applicable certifications, test reports and project-specific compliance documents, contact the DIFANNI specification team.

MATERIAL CHARACTERISTICS

CERAMIC TOP & SHELF

Circular ceramic surfaces with softly rounded edges. The basin and surrounding deck share a common centre, with a large white ceramic waste cover shown in the product reference.

OPEN METAL FRAME

Slender black legs and open supports create a light, freestanding structure. The lower circular ceramic shelf provides accessible storage.

STANDARD FINISH

Glossy white ceramic top and shelf with black frame, as shown. Other ceramic colours are illustrated at right; availability and order requirements to be confirmed.

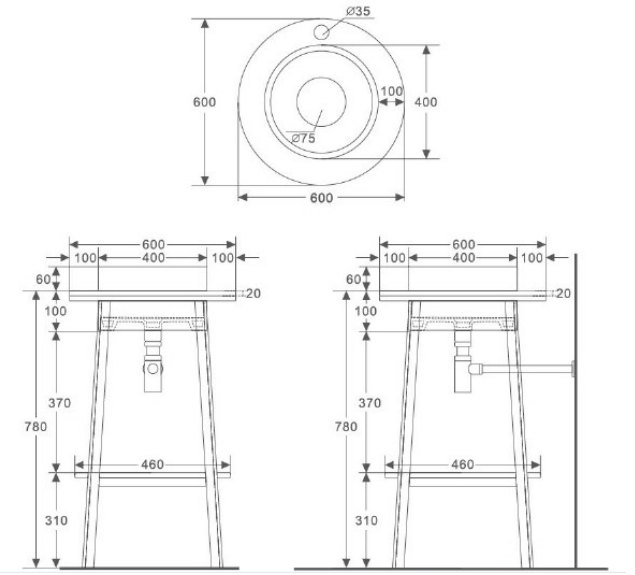

INDICATIONS FOR CLEANING

Clean with a soft microfibre cloth and mild soapy water, then dry with a clean cloth. Avoid abrasive pads, harsh chemicals and solvents on ceramic and coated metal surfaces.

ACCESSORIES & OEM / ODM

Confirm tap, drain, finish and accessory requirements when ordering. Contact DIFANNI for OEM / ODM enquiries, samples, project specifications, installation information and pricing.

TECHNICAL DRAWING

All dimensions in millimetres (mm). Drawing not to scale.
